You're the Expert.

Since 2001, Fund for Teachers has funded learning experiences for nearly 10,000 educators across the country. Teachers like you design and pursue learning directly related to your students' interests and needs. These self-designed learning opportunities result in more authentic curriculum and student-centered learning.

We trust you to identify how and why a Fund for Teachers grant will impact your curriculum, classroom, community, and career. And we believe, as a professional, you can create the unique fellowship that will provoke innovation that inspires growth for you and your students.
